The Home that nurtured me - Prem Dan, which means "Gift of Love" has helped me blossom into the beautiful person I am today. It is continuing to nurture the lives of many children like me. As I stand on my own feet with confidence to face the world, I regard Mother Felicity as the most important person in shaping my career and life. I feel privileged and would like to take this opportunity to thank God for bringing such a wonderful person like her into my life.

Education is a must for every child and I thank Mother Felicity for providing me with this gift. Coming from a family background where it was difficult for my parents to finance my education. I joined Prem Dan (Garden School) and then graduated in the year 1991, I joined the Boarding School built by Mother Felicity at Kharghar, Navi Mumbai. I have been guided throughout by the unconditional love and support that the sisters bestowed upon me. They have played a vital role in directing and guiding me towards the right path of success. It would have been impossible for me to graduate with a first class without their support.

Today I work for one of India's leading Educational consulting firms viz Madhavi Desai Consulting Pvt. Ltd. at Worli, Mumbai. I am currently working in the position of an Advisor and working my way towards rising my position in the firm. My work has proved to be conducive to my progress both professionally and personally.

I have been fortunate to be sponsored by people such as Uncle Paul Belis and Aunt Christianne who have been in touch with me even after I have graduated from college. I have been so lucky that I was offered a visit to Belgium last year by them. The three weeks that I spent with their entire family including their children, in-laws and other relatives is truly unforgettable. I will always cherish those days.

I would like to end with my humble gratitude towards Mother Felicity, each sister and teacher, my sponsors and every person who has been instrumental in making me the person that I am today. Nothing would have been possible without such wonderful people.

I am one of many fortunate individuals and I pray that doors open for less fortunate individuals too, so that they receive the similar kind of education, one of the basic necessities which help them to accomplish their dreams and goals like I have done for myself.

Thank you Mother Felicity, Thank you Prem Dan.
