

Evon Valerie

Let me tell you about my life spent in Prem Dan Garden School. I was born and brought up in Mumbai. I lost my mom when I was a small baby, I was 6 years old when I came to Prem Dan with my cousin, Sagaya Mary who was a teacher at Prem Dan. That was the first time I met Mother Felicity.

Not all kids get this opportunity but I was fortunate and got admission to one of the best schools in Colaba, St. Anne's High School. She is not only known as Mother but did what all mothers do for their kid. She gave me the best education and clothes and took us for summer camps to Khandala. When I was wrong she used to get angry but not for long. She gave me a good foundation and now I am able to stand on my feet and go to work. I am married and settled down with a loving husband and lovely daughter, Trisha who is studying in Presidency School with a CSSE Syllabus. I work as a Secretary for VIPA Automation, a German based company.

I thank Mother Felicity and those who have helped her start Prem Dan, the place where I spent my childhood and grew up to always treasure the sweet memories of my life spent there. I thank Mother for all the love and care she had given me till I was in her shelter.

Thank you Mother for grooming me up and I am proud that I am an ex-student of Prem Dan.
